

# *Certificate of Membership*

## **IAR**

This certificate serves to confirm that the above Contractor is an active Member in Good Standing of the Environmental Contractors Association of New York City. When organizations do business with a member of the Environmental Contractors Association, they can be assured that they are selecting from the best companies within the environmental construction industry. These companies hold the highest safety standards, which provides unprecedented value and quality work to the greater construction industry. Members of the ECA continuously strive to raise those standards.

Paul O'Brien
